Timbre

What is “Timbre” ?

Imagine, if every singing voice in the world was the same vibrancy…

Imagine, if every musical instrument emitted the same sound…

The music might end up with insipidity.

Since sounds have variety of characteristics, those sounds bring a comfortable atmosphere into our life.

To create a product enriching people's life with gentle sound, “Timbre” is designed according with such feelings.

Timbre Door Chime Series

Timber's first product is now set to be a door chime, ready to welcome you home with a sound system designed to bring relaxation and comfort.

Gentle sound welcomes a guest...

"Timbre" chimes when a family member arrives home...

Even though the door chime plays various roles, we focus on the purpose that "Timbre" helps people to reboot one's mind with gentle sound when they open the door.

We would like to present you something special moments, like breeziness, relaxation and comfort.

Timbre Key Ring "Wakka"
